

PRATIKSHA KHOBRAGADE

Software Developer | Full-Stack Developer | MERN Stack

PROFESSIONAL SUMMARY

Aspiring Software Engineer with practical experience in MERN stack development, REST APIs, and full-stack web applications. Strong proficiency in Java, JavaScript, and Data Structures & Algorithms with hands-on project experience. Skilled in building responsive, performance-optimized applications with modern web technologies. Passionate about problem-solving and developing scalable, real-world software solutions.

EXPERIENCE

Full-Stack Developer Intern

21 Mar 2026 – 24 Jun 2026

DP Info System, Bhavnagar (Remote)

- Architected and deployed a secure Medical ERP dashboard used by 7+ healthcare professionals, reducing data retrieval latency by **65%** and ensuring **99.9% uptime** for critical patient information systems.
- Solely engineered the frontend infrastructure for **TaskUp**, a scalable work management SaaS platform using React and modern JavaScript.
- Designed a complex **Role-Based Access Control (RBAC)** system supporting dynamic, real-time dashboards for three distinct user ecosystems (Enterprise, Academic, Personal).
- Optimized page load speeds by **2.5 seconds**, directly contributing to a **25% increase** in user retention rates.

TECHNICAL SKILLS

Programming: Java, JavaScript

Frontend: React.js, HTML5, CSS, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, Firebase, REST APIs

Database: MongoDB, MySQL

Tools & Platforms: Git, GitHub, VS Code

Core CS: Data Structures & Algorithms, OOP, OS, DBMS, CN

PROJECTS

PrepNova – AI-Powered Interview Preparation Platform | [Live Link](#) | [GitHub](#)

- Tech Stack:** MERN Stack · JWT · Google OAuth · REST APIs · AI APIs · Monaco Editor
- Built a **full-stack interview-preparation platform** integrating coding challenges, MCQs, mock interviews, resume analysis and developer progress tracking.
- Implemented **JWT + Google OAuth authentication** with protected routes and secure user identity management.
- Developed an interactive **DSA coding workspace** supporting multiple programming languages, test-case execution, submissions, difficulty/topic filtering, solved tracking and progress analytics.
- Designed an **AI-powered mock interview system** with role/experience-based interviews, adaptive follow-up questions, technical and communication evaluation and performance reports.
- Built an **AI Resume Analyzer** for ATS-style analysis and skill-gap detection.

Talksy – Real-Time Chat Application | [Live Link](#) | [GitHub](#)

- Tech Stack:** MERN Stack · Clerk · Socket.io · REST APIs
- Built a **real-time full-stack chat application** using React, Node.js, Express, MongoDB, Clerk and Socket-based communication.
- Implemented **real-time one-to-one messaging** with instant message delivery and live conversation updates.
- Integrated **Clerk authentication and user synchronization** with backend APIs for secure user management.
- Implemented backend **REST APIs with MongoDB persistence** for users, conversations and messages.
- Used **Socket-based architecture** for real-time communication and instant message delivery.

Campus IQ – AI-Powered School Management Platform | [Live Link](#) | [GitHub](#)

- Tech Stack:** React.js · Node.js · Express.js · Prisma · PostgreSQL · Gemini AI
- Developed a **multi-portal school management platform** with dedicated Student, Teacher, Parent and Admin workflows across **20+ modules**.
- Built **AI Teacher Co-Pilot and AI chatbot** features to assist teachers and students with academic queries and workflows.
- Developed an **AI-powered complaint management system** for handling, categorizing and assisting with school complaints.
- Implemented **role-based authentication and protected APIs** across student, parent, teacher and administrative modules.
- Developed dedicated **student and parent portals** for academic information, assignments, complaints and school-related services.

EDUCATION

GH Raisoni University, Amravati — B.Tech in Computer Science Engineering

2027 | CGPA: 8.85

ACHIEVEMENTS

- 95.10 Percentile** – Naukri Campus Young Turks national assessment
- 4th Rank** – AI-WebForge Web Development Competition
- Actively participated in **8+ coding competitions and hackathons**, demonstrating consistent technical performance

LANGUAGES

English · Hindi · Marathi
